Volume 177

Changes in feed water salinity with pumping of a wellfield used to supply a brackish water RO facility at the City of Fort Myers, Florida E.J. Mead, J. Victory, T.M. Missimer (USA)	1
MSF challenges and survivals I.S. Al-Mutaz (Saudi Arabia)	14
Traditional solar distiller improvement by a single external refractor under the climatic conditions of the El Oued region, Algeria A. Khechekhouché (Algeria), A.B. Kabeel (Egypt), B. Benhaoua, M. El Hadi Attia (Algeria), E.M.S. El-Said (Egypt)	23
Simulation and performance analysis of reverse osmosis water desalination system operated by a high concentrated photovoltaic system A.A. Ghoneim, H.A. Alabdulali (Kuwait)	29
Investigation of seawater deionization using the minimization technique with electro dialysis processes (CED-BMED) F. İlhan (Turkey)	40
Modification of granular activated carbon by aluminium and iron oxides for decontamination of poultry slaughterhouse wastewater using central composite design A.C. Affam (Vietnam)	48
Remediation of wastewaters from chlorophenol using agricultural wastes as adsorbents: adsorption, kinetic and chemical evaluation M.F. El Ashry, M.A. El Hashash, N.A. Negm, M.T.H. Abou Kana, M.A. Betiha (Egypt)	60
Adsorption of triclosan from aqueous solution onto char derived from palm kernel shell M. Triwiswara, Chang-Gu Lee, Joon-Kwan Moon, Seong-Jik Park (Korea)	71
Steel slag promoted electrocoagulation process for the treatment of produced water A.H. Hawari, M. Al-Ghoul, M.A. Hafiz, A.T. Yasir, K. Aljaml, A. Ltaief (Qatar)	80
Breakthrough studies and mass transfer studies on the decolourization of paint industry wastewater using encapsulated beads of <i>Cactus opuntia</i> (<i>Ficus indica</i>) S. Vishali, P. Mullai, R. Karthikeyan (India)	89
Lithium sorption from aqueous solution with cationic resins S. Güneysu (Turkey)	102
Bacterial communities along a 4500-meter elevation gradient in the sediment of the Yangtze River: what are the driving factors? Wenlong Zhang, Haolan Wang, Yi Li, Xiaoxiao Zhu, Lihua Niu, Chao Wang, Peifang Wang (China)	109
Regulation of the activity and kinetic properties of alkaline phosphatase in eutrophic water bodies by phosphorus and heavy metals Yingchun Lv, Yang Zhang, Jiawei Song, Gang Xu (China)	131
Optimization of chromium (VI) adsorption by novel nano-pumice modified by cationic surfactant from aqueous media using the response surface method: isotherm and kinetic studies F. Eslami, R. Nabizadeh Nodehi, S. Nasserı, M. Salari, A.H. Mahvi, F. Doulati Ardejani (Iran)	139
Statistical analysis and water quality index development using GIS of Mathura City, Uttar Pradesh, India S. Ahmed, S. Khurshid, W. Sultan, M.B. Shadab (India)	152
An assessment of wastewater pollution, treatment efficiency and management in a semi-arid urban area of Pakistan Y. Mahfooz (Pakistan, China), A. Yasar (Pakistan), L. Guijian, B. Yousaf, M.T. Sohail, S. Khan (China), A.B. Tabinda (Pakistan), R. Rasheed (Pakistan, UK), S. Mahmood, M. Khan (Pakistan)	167

Use of natural and effective mandarin peel in the elimination of malachite green from the aqueous media: adsorption properties, kinetics and thermodynamics G.M. Yalvaç, B. Bayrak (Turkey)	176
Facile synthesis of Zn-doped Bi(OH) ₃ with upward surface band bending and its enhanced visible light photocatalytic activity Xiaoxing Zeng, Zhaodi Xu, Xiaofeng Gong, Yiqun Wan (China)	186
Adsorption of neutral red onto MIL-100(Fe) from solution: characterization, equilibrium, kinetics, thermodynamics and process design Shanshan Chen, Kang Wen, Xiaoting Zhang, Ruize Zhang, Runping Han (China)	197
Effect of auxiliary substances on the adsorption of anionic dyes on low-moor peat A. Dzieniszewska, J. Kyzioł-Komosińska, M. Pająk (Poland)	209
Optimal spatial layout of low-impact development practices based on SUSTAIN and NSGA-II Jingwei Hou, Hao Yuan (China)	227

***Selected papers presented at the 2nd International Conference on
Water Problems in the Mediterranean Countries (WPMC)
6–10 May 2019, Lefkoşa, Turkish Republic of Northern Cyprus***

Editorial H. Gökçekuş (Turkey)	236
The role of mass media and level of education in spreading environmental sustainability awareness in developing countries G. Aşıksoy, N.A. Isa, H. Gökçekuş (Turkey)	237
Determination of shoreline change along the Black Sea coast of Istanbul using remote sensing and GIS technology C. Goksel, G. Senel, A.O. Dogru (Turkey)	242
A GIS assisted system for monitoring illicit drug use in wastewater A.O. Dogru, R.A. Abdulhussein, S. Mercan, M. Kuloglu, T. Tekin, F. Asicioglu (Turkey)	248
Contributing water pollution control through the use of selected instructional strategies amongst secondary school students A. Kiraz, T.M. Antip, S. Gunduz (Turkey)	257
Water resources management and trend of water use in North Cyprus G. Elkiran (Turkey), A. Dahiru (Nigeria), H. Gokcekus (Turkey)	264
Analysis and prediction of annual precipitation values in Cyprus H. Gökçekuş, E. Kiral, G. Kiral, N. Eini, B. Uzun (Turkey)	275
Autonomous desalination for improving resilience and sustainability of water management in North Cyprus S. Teksoy Başaran, H. Gökçekuş, D. Orhon, S. Sözen (Turkey)	283
Physical oceanographic features of the Cilician Basin and wastewater dumping at the coastal zone of Kyrenia Ç. Deliceirmak, İ. Salihoğlu (Turkey)	290
Forecasting of daily rainfall at Ercan Airport Northern Cyprus: a comparison of linear and non-linear models R.A. Abdulkadir, S.I.A. Ali (Turkey), S.I. Abba (Nigeria), P. Esmaili (Turkey)	297
Water resources and rainfall distribution function: a case study in Lebanon Y. Kassem, H. Gökçekuş (Turkey)	306
Management strategy for safe drinking water in developing countries – A case study for Assela, Ethiopia H. Gökçekuş, D. Orhon, G. Gelete Kebede (Turkey), B. Abate, K. Narayanan (Ethiopia), S. Sözen (Turkey)	322
Exploring the potential of Landsat-8 OLI and Sentinel-2 MSI data for mapping and monitoring Enez Dalyan Lagoon G. Senel, A.O. Dogru, C. Goksel (Turkey)	330
Application of artificial intelligence based and multiple regression techniques for monthly precipitation modeling in coastal and inland stations J. Abdullahi, A. Iravani (Turkey), V. Nourani (Turkey, Iran), G. Elkiran (Turkey)	338

Analysis of different combinations of meteorological parameters in predicting rainfall with an ANN approach: a case study in Morphou, Northern Cyprus H. Gökçekuş, Y. Kassem, J. Aljamal (Turkey)	350
Scrutinizing the simultaneous impact of drought on irrigated agriculture and groundwater resources A.H. Payab (Turkey), M.E. Banihabib (Iran), U. Türker (Turkey)	363
Effluent reuse potential of a dual-stage ceramic MBR coupled with RO treatment for textile wastewater Z. Bilici, B. Ozbey Unal, Y. Ozay, B. Keskinler, A. Karagunduz, D. Orhon, N. Dizge (Turkey)	374
Integrated water and wastewater management strategy in North Cyprus – basis for an action plan H. Gökçekuş, D. Orhon, G. Oğuz, A.B. Yücel, S. Sözen (Turkey)	384
Heat activated persulfate oxidation of Reactive Black 5 O.A. Andrew, S. Pirgalioglu, Ş. Doğan (Turkey)	393
Evaluation of different natural wastewater treatment alternatives by fuzzy PROMETHEE method T. Gichamo (Turkey, Ethiopia), H. Gökçekuş (Turkey), D.U. Ozsahin (Turkey, USA), G. Gelete, B. Uzun (Turkey)	400
Evaluating disinfection techniques of water treatment G. Gelete, H. Gokcekus, D.U. Ozsahin (Turkey, USA), B. Uzun (Turkey), T. Gichamo (Turkey, Ethiopia)	408
Evaluation of wastewater treatment technologies using TOPSIS M.N. Yahya, H. Gökçekuş (Turkey), D.U. Ozsahin (Turkey, USA), B. Uzun (Turkey)	416
Sun-light driven enhanced azo dye decontamination from aqueous solution by CoO–CuFe ₂ O ₄ derived from layered double hydroxide A.O. Ifebajo, A.A. Oladipo, M. Gazi (Turkey)	423
Simulation and evaluation of water sterilization devices H. Gokcekus (Turkey), D.U. Ozsahin (Turkey, USA), M.T. Mustapha (Turkey)	431
Author Index	437
