

Contents
Volume 225

A comparative study on Donnan dialysis separation using homogeneous and heterogeneous anion-exchange membranes A. Breytus, Yunyan Huang, D. Hasson, R. Semiat, H. Shemer (Israel)	1
Preparation and application of flat-plate ceramic ultrafiltration membrane with high-performance by spray-dip coating method Yahui Zhao, Yulong Yang, Qibing Chang, Zhiwen Hu, Xiaozhen Zhang (China)	11
Membrane displaying a dual thin-film titanium-zirconium as selective layers for water treatment C.N. Worou, Jing Kang (China), T. Bacharou (Benin), Jimin Shen, Pengwei Yan (China), A. Degan (Benin), Yingxu Gong, R. Guene, Zhonglin Chen (China)	18
Proportionality of solute flux and permeability to water flux and permeability in forward osmosis process I.A. Alenezi (Saudi Arabia), A.A. Merdaw (UK)	29
Methods on load estimation for the implementation assessment in the management of total maximum daily loads Jae Hong Park, Seung Young Oh, Jichul Ryu, Jae Kwan Lee, Dong Seok Shin (Korea)	37
Conventional filtration system for seawater pretreatment at the Beni Saf desalination plant using conventional sand filters: a comparison with Filtralite pure and clay filters K. Benyahia, I. Abdellaoui, H. Benyounes, H. Bouabdesselam (Algeria)	43
Analysis of microbial characteristics and population difference between different compartments of the mixed system at low temperature Fan Wang, Xuejian Sun, Jun Li, Shengshu Ai, Qingkai Ren, Zebing Nie, Dejun Bian (China)	53
Biodegradation mechanism of typical fluoroquinolones in sewage-sludge composts Jun Zhang, Yulan Lu, Qinying Yan, Hongtao Liu, Beidou Xi, Dunqiu Wang (China)	63
Adsorption characteristic of organic matter by low-temperature dry cattle manure-derived anaerobic digestion Yao Zhu, Baojun Yi, Zhixi Zong, Xueqi Yang, Meijing Chen, Qiaoxia Yuan (China)	76
Differences between sewage effluent parameters for dry and rainy periods in tropical climate area D.B.C. de Oliveira, M.A.C.R. de Holanda, W. de Albuquerque Soares (Brazil)	86
Biological treatment of ranitidine and cefixime trihydrate mixed solution by activated sludge in sequencing batch reactor S. Aber, L. Ghalamchi, H. Hosseinzadeh, K. Nofouzi, A. Naseri (Iran)	94
Reuse of by-products material as a conditioner to improve thickening and dewatering of sludge A.A. Elbaz, A.M. Aboulfotouh, A.M. Dohdoh, A.M. Wahba (Egypt)	104
Carwash wastewater characteristics — a systematic review study M. Sarmadi, A.A. Zarei, M. Ghahrchi, B. Sepehrnia, A. Meshkinian, H. Moein, S. Nakhaei, E. Bazrafshan (Iran)	112
Brackish water desalination using black granite as heat storage medium under arid climatic conditions M.E.A. Ouar, M.H. Sellami, S.E. Meddour, O.B. Mokrani (Algeria)	149
Computational fluid dynamics modeling of airlift VUV/UV photoreactor with internal circulation Minghan Luo, Wenjie Xu, Jiaying Xu, Gongde Wu (China), Taeseop Jeong (Korea)	156
The determination of limit of tannery wastewater flowing to the wastewater treatment plant in Nowy Targ (Poland) in terms of the impact of chromium concentration on treated wastewater quality E. Nowobilska-Majewska, P. Bugajski (Poland)	165
Modeling and optimizing of coagulation-flocculation process by response surface methodology for rehabilitation of tannery wastewater treatment plant A. Yahia, C. Fersi, K. Djebali, I. Ben Salah, F. Touati (Tunisia)	175
Experimental evaluation of Farashband gas refinery wastewater treatment through activated carbon and natural zeolite adsorption process H. Bagheri, B. Honarvar, M. Abbasi, N. Esfandiari, Z.A. Aboosadi (Iran)	190

The effects of using biochar to remove nitrogen compounds generated during the processing of biodegradable waste K. Wystalska, A. Kwarciak-Kozłowska (Poland)	203
Removal of tetracycline from aqueous solution by <i>azolla</i> , fig leaves, egg shell and egg membrane modified with magnetite nanoparticles N. Besharati, N. Alizadeh, S. Shariati (Iran)	214
Plasma–liquid system for degradation of pharmaceutical effluent R. Wajahat, A. Yasar, M. Zakaullah, A.B. Tabinda, A. Ikhlaiq, Y. Mahfooz, S.G. Bhatti (Pakistan)	225
Potential recycle of industrial waste towards economic adsorbent preparation for effective removal of toxic elements R.E-S Rihan, M.M. Abo-Aly, M.F. Attallah (Egypt)	231
Effect of tea waste on optical and surface area of magnetic cobalt ferrite (CoFe ₂ O ₄) nanoparticles A. Kalam (Saudi Arabia)	244
Descriptive and predictive modelling of nitrates presence in water and its turbidity by unconventional experimental design after bentonite adsorption treatment N. Ramdani, M. Bounazef (Algeria)	252
Assessment on phytoplankton composition and heavy metal pollution in a drinking water resource: Lake Terkos (Istanbul, Turkey) N. Yilmaz, I.I. Ozyigit, H.H. Demir, I.E. Yalcin (Turkey)	265
Separation of Fe(III) and Ni(II) in radioactive wastewater simulation liquid with a novel nuclear anion resin Shuang Dai, Xinzhen Li, Yong Liu, Qi Cao, Yunming Chen (China)	275
Synthesis of eco-friendly Sp-EN-CPA adsorbent and its application for removal of Cr(VI) from aqueous solutions A. Cimen, A. Bilgic, B. Karademir (Turkey)	287
Removal and recovery of uranium (VI) from aqueous solution by adsorption of surface aldehyde assembled polystyrene microspheres Jingbo Ni, Ruyi Liu, Changhao Yan (China)	300
Amidoxime functionalized hydroxyapatite composites separate the uranium (VI) from aqueous solution Guojian Duan, Huining Tian, Hui Chen, Rong Wu, Zhen Xu, Tonghuan Liu, Xiaoxia Peng (China)	311
Vertical growth of 2D BiOCl nanosheets on FeOCl nanoplates as an efficient photo-Fenton catalyst for phenol degradation Linlin Jiang, Mingkai Gong, Xinyu Jiang, Jian Zhang, Guodong Liu, Qingming Zeng (China)	320
Red mud reuse for phosphate adsorption via zirconium modification: performance, kinetics, and mechanism Yan-Long Li, F. Alam, You-Wei Cui (China)	331
Effective removal of indigo-dyed batik by chemical activation and thermal treatment of banana peel waste coupled with magnetic magnetite particle D. Channei, K. Chansaenpak, P. Jannoey, H. Sintuya, W. Khanitchaidecha, A. Nakaruk, S. Phanichphant (Thailand)	340
Water production by reverse osmosis for the manufacture of paint in the automotive industry F.A. León, A. Ramos-Martín (Spain)	350
Low-cost continuous measurement system to learn the relationship between the electrical conductivity and temperature in brackish waters F.A. Leon, A. Ramos-Martín, C. Mendieta (Spain)	356
Energy analysis of a seawater reverse osmosis desalination system for small marine vessels G.N. Marichal Plasencia, J. Camacho-Espino, D. Ávila Prats, J.A. Rodríguez Hernández, F. San Luis Gutiérrez (Spain)	364
Optimal levels of remineralisation for desalinated waters M. Hernández-Suárez, F.A. León (Spain)	371
Exergoeconomic and exergoenvironmental evaluation of a solar-energy-integrated vacuum membrane distillation system for seawater desalination Z. Triki, Z. Fergani, M.N. Bouaziz (Algeria)	380
Determination of heat and mass transfer coefficients in a spray humidifier of a humidification-dehumidification desalination system K. Hijjaji, S. Gabsi, N. Frikha (Tunisia)	392

Treatment of landfill leachate from Fez City by combined Fenton and adsorption processes using Moroccan bentonite clay	
I. El Mrabet (Morocco), M. Benzina (Tunisia), H. Zaitan (Morocco)	402
Effect of ultrasound on biosorption kinetics of Acid blue 25 from aqueous media by using cycads palm bark as novel biosorbent	
S. Haou, E.K. Guechi, S. Benabdesselam, O. Hamdaoui (Algeria)	413
Recovery of nickel ions by supported liquid membrane (SLM) using D2EHPA as carrier	
K. Othmen, S. Ncib, A. Barhoumi (Tunisia), L. Dammak (France), W. Bouguerra (Tunisia)	422
Low-cost biosorbents from pines wastes for heavy metals removal from wastewater: adsorption/desorption studies	
M. Touihri (Tunisia), S. Gouveia (Spain), F. Guesmi, C. Hannachi, B. Hamrouni (Tunisia), C. Cameselle (Spain).....	430
Author Index	443
