Volume 291

Preparation of negatively charged glass surface modified filter media and its purification performance in drinking water Quanbin Shi, Hongwei Zhang, Peng Zhao, Yuan Zhang (China)	1
Preparation of high-performance PA/PDA- β -CD/PVDF composite loose nanofiltration membrane by β -cyclodextrin (β -CD) Haoyang Zhang, Ming Li, Honghai Yang, Jun Wang (China)	12
Inversion of water quality by remote-sensing monitoring based on machine learning in complex freshwater environments Shuangshuang Zhou, Min Xiao, Jiakuan Zhang Yingping Huang, Zhuan Jin, Biao Xiong (China)	20
Energy, exergy and economic assessments of novel sustainable solar powered evacuated tube collector integrated active desalination system A.K. Shukla, P. Saini, Azharuddin, V.K. Dwivedi (India)	32
Degradation of dibutyl phthalate from synthetic and real wastewater using ultrasound/hydrogen peroxide system M. Nozari, M. Malakootian, N. Jaafarzadeh Haghghi Fard, H. Mahmoudi–Moghaddam (Iran)	44
Cyanobacteria removal by electroflotation with titanium electrodes T. Burgardt, T.M. Nonato, F.H. de Souza (Brazil), B.Z. Rousso (Australia), M.L. Sens (Brazil)	63
Model development for the treatment of toxic industrial wastewaters by a coagulation process: an easy tool for linking experimental and theoretical data S. El Harfaoui, Z. Zmirli, A. Mohssine, A. Driouich, B. Sallek, K. Digua, H. Chaair (Morocco)	72
Effect of bubble diameter and bubble count on overall mass transfer coefficient using ImageJ analysis in a down flow jet loop sparged reactor G. Mugaishudeen, R. Ashwin, A.R. Arthanarieaswaran, K. Jeevitha (India)	92
Coupling nutrient removal and biodiesel production by cultivation of <i>Chlorella</i> sp. in cafeteria wastewater: assessment of the effect of wastewater disinfection Haitao Li, Xiaowen Li, Lirong Cui, M. Asraful Alam, Weidong Lu (China)	101
Removal of Mn ^{II} and Fe ^{III} from groundwater using durian rind-derived biochar S. Danwittayakul, W. Thijina (Thailand)	108
Removal of uranium ions from aqueous solutions using nano-sized copper potassium hexacyanoferrate encapsulated O-carboxymethyl chitosan matrix by batch and fixed bed column methods H. Ammar, A.F. Shabaan (Egypt), S.M. El-Bahy (Saudi Arabia), H.A. Elkhawaga, A.M. Metwally (Egypt)	117
Review and assessment of the separation and recovery of zinc from the aqueous stream E. Kavitha, A. Gopika (India)	131
A facile method to synthesize LDH/GO@ α -FeOOH composites Li-ping Wei, Ping Yang, Hui-qiang Li (China)	144
Excellent driven rapid photocatalytic activity with high reusable magnetic nanocomposite in tetracycline degradation under simulated sunlight N. Nasseh, N.S. Mazari Moghaddam, B. Barikbin, R. Khosravi (Iran)	148
Removal of azithromycin from aqueous solutions using Fe ₂ O ₃ /Ag/Zn nanocomposites R. Hosseini, F. Keshavarzi, N. Haghazari, C. Karami (Iran)	163
Recyclable green hydrogel adsorbents with excellent adsorption capacity for removal of methylene blue Yanqin Xu, Biemin Sun, Yuan Cao, Changguo Chen (China)	170
ZnFe-layered double hydroxide nanostructures prepared from natural iron ore precursors with the hydrothermal method and the photocatalytic degradation of Rhodamine B A. Wannawek, P. Jansanthea, W. Chomkitichai, J. Ketwaraporn, K. Jumpa, C. Ruangrit, I. Thangoen, K. Rattanasatian, C. Wansao, A. Wanaek, P. Pookmanee (Thailand)	182

Adsorption and photocatalytic degradation investigation of organic dyes on TiO ₂ -bentonite surface in aqueous solution R. Cherouaki, Y. Gherraby, R. Bassam, S. Belaouad, J. Naja (Morocco)	195
Analysis on water flow energy dissipation effect of curved spillway under different efficiency modes Lin Cui, Mengyao Lu, Meng Li, Jiaqing Chen, Jie Ding, Sheng Wu (China)	205
Online real-time control of hydroturbine regulation system fault with state time lag Lin Cui, Meng Li, Jie Ding, Fang Fang, Mengyao Lu, Sheng Wu (China)	214
A determining method of the water consultancy project quality guarantee deposit considering the contractor's credit level under the incomplete information condition Xiangtian Nie, Zihan Chen, Min Li, Bo Wang (China)	224
Floristic composition and plant community diversity of water-level fluctuation zone of Nanwan Reservoir Manyi Fu, Zhen Wang, Xiangpeng Liang (China)	233
Author Index	242
